Call for Papers

International Conference on Law, Science and Technology (ICLST) is organized by the VIT School of Law of Vellore Institute of Technology (VIT), Chennai, India with diverse themes that encompasses the evolving intersection of law, science, and technology. The objective of ICLST is to harmoniously bridge the gap between the ever-evolving landscape of scientific and technological advancements and the nuanced facets of law. ICLST is a platform for the free exchange of ideas and robust discussions among esteemed judges, advocates, scientists, academicians, dedicated researchers, policy makers and enthusiastic students within the realm of law, science and technology. The conference serves as an invaluable platform designed to foster collaboration, critical thinking, and the dissemination of groundbreaking insights. Our aim is to encourage publications of innovative research transcribed into academic writings by scholars in SCOPUS-indexed publications.

Sub-Themes

- Transformative role of Web 4.0 in Higher Education
- Digitalization of Higher Education and the impact on local languages
- Impact of technology in Higher Education in Asian countries
